Learning

Our recent reconciliation event was a huge success. It was fantastic to have most of you attend and join in the fantastic learning activities. A highlight was the recording of our song “Head Shoulders, Knees and Toes” in Narungga language by Andrew Oakes and led by Sonya Rankine. Children will receive a copy of the recording.

Last week we ventured to the Fauna Park and discovered 2 emu eggs. The children will be leading research work on the emu and their eggs. They raised some interesting lines of inquiry during our reflection meeting at the end of the day.

Partnership Pupil Free Day

Yesterday the Northern Yorke Partnership came together to share in the official launch of the partnership. Adam Murphy was excellent in sharing his story about being a Powerful Learner. His quotes were:

“easy to do and just as easy not to do”

“Failure is a detour not a destination”

RURAL CARE VACANCY

We have one vacancies available. Please see centre staff to secure this places. Friday

Tissues

We have only received 4 boxes.

Spare Clothes

We are in desperate need of spare clothes for both girls and boys sizes 4-6, particularly track pants.

Attached is the itinerary for our week 9 excursion to the Farm Shed.

Powerful Leaners Program

Last week we introduced the concept of powerful learners to our children. The program will involve a Team Leader who is required to organise the group, take responsibility for our routines and make choices around activities. I asked the children what a Powerful learner was. Here are some of their responses. “Coming to kindy, friends and like a tiger who roars.” This can translate into attendance being important as are relationships and a tiger being a person who can talk about their learning.

WOW! How capable are our children? We need never under estimate the voice of our children.
