From the Director:

Learning
Several weeks ago the children started their own creations with the glue guns. This week the children will be continuing that project work. Their projects are on display labeled as “work in progress”

Staff Learning
Last week staff met at the Kadina Education Office to work on our Quality Improvement Plan (QIP). The QIP is an evolving document that allows educators to set targets for improving the outcomes of our children. A copy of the document is located in the family corner.

Feedback from staff indicated the day was highly valued.

Harmony Day
Next week we are celebrating Harmony Day which is a day to celebrate Australia’s diversity. Please dress your child in orange clothing.

Regards Vicki

More News

Attached is the latest Family News from the Australian Children’s Education and Care Quality Authority (ACECQA). Quality Area 2—Children’s health and safety is highlighted. If you would like more information on any of the quality areas please ask staff.

Family Chats

For the following three terms I will be conducting family/teacher interviews. This provides us with quality time to discuss your child’s ongoing learning. Tuesday 15/3 has been set aside, please contact Geraldine or myself to make arrangements.

I have attached a collaborative learning goal form for term 2.
